Arabia is a land of unparalleled charm and beauty, with its trackless deserts of sand dunes in the dazzling rays of a tropical sun. Its starry sky has excited the imagination of poets and travellers. It was in this land that the Holy Prophet (ﷺ) خاتم النبيين was born, in the city of Makkah, which is about fifty miles from the Red Sea.

In the fifth and sixth centuries, mankind stood on the verge of chaos. It seemed that the civilization which had taken four thousand years to grow had started crumbling. At this point in time, Allah Almighty raised a prophet from among themselves who was to lift the humanity from their ignorance into the light of faith.

When Hazrat Muhammad (ﷺ) خاتم النبيين was thirty-eight years of age, he spent most of his time in solitude and meditation. In the cave of Hira, he used to retire with food and water and spend days and weeks in remembrance of Allah Almighty.

The period of waiting had come to a close. His heart was overflowing with profound compassion for humanity. He had a pressing urge to eradicate wrong beliefs, social evils, cruelty and injustice. The moment had arrived when he was to be bestowed with prophethood. One day, when he was in the cave of Hira, Hazrat Jibril (Gabriel) (ﷺ) came and conveyed to him the following message of Allah Almighty:

Read in the name of thy Lord Who created; created man from a clot (of congealed blood): Read and thy Lord is most Bountiful, Who taught (the use of) the pen, taught man that which he knew not. (Qur'an. 96:1-5)

The flow of the Divine message which continued for the next twenty-three years had begun, and the Holy Prophet (ﷺ) خاتم النبيين had arisen to proclaim oneness of God (Tauheed) and the unity of mankind. His mission was to destroy the nexus of superstition and ignorance, disbelief, set up a noble conception of life and lead mankind to the light of faith and divine bliss.

Note: Question (i) about summary writing is compulsory carrying 06 marks while rest of the questions carry 03 marks each. (6+4x3=18)

The Holy Prophet's (ﷺ) خاتم النبیین uncle was so impressed with his nephew's firm determination that he replied.

"Son of my brother, go thy way, none will dare touch thee. I shall never forsake thee."

And the Holy Prophet (ﷺ) خاتم النبیین did go the way Allah Almighty had chosen for mankind. Imbued with Divine Guidance and firm resolve, the Holy Prophet (ﷺ) خاتم النبیین encountered all the challenges with grace and dignity. In no time he elevated man to the highest possible level in both spiritual and worldly domains. He was also a driving force behind Arab conquests, which have created an everlasting impression on human history. No wonder, he is universally acknowledged as the most influential figure in history. In the words of Michael Hart, a great historian:

"Muhammad (ﷺ) خاتم النبیین however, was responsible for both the theology of Islam and its main ethical and moral principles. In addition he played a key role in proselytizing the new faith, and in establishing the religious practices...

In fact as the driving force behind the Arab conquests, he may well rank as the most influential political leader of all time...

The Arab conquests of the seventh century have continued to play an important role in human history, down to the present day."

Such a thorough transformation of man and society owes to the Holy Prophet's (ﷺ) خاتم النبیین deep faith in Allah Almighty, to his love for humanity, and to the nobility of his character. Indeed, his life is a perfect model to follow. In reply to a question about the life of the Holy Prophet (ﷺ)

خاتم النبیین Hazrat Ayesha (رضی اللہ عنہا) said:

"His morals and character are an embodiment of the Holy Quran". The final word about the saviour of mankind goes to the Holy Quran:

O Prophet! Surely, We have sent you as a witness, and as a bearer of good news and as a warner. And as one inviting to Allah by His permission, and as a light-giving torch.

Note: Question (i) about summary writing is compulsory carrying 06 marks while rest of the questions carry 03 marks each. (6+4x3=18)

Noise pollution is one of the biggest source of discomfort, stress and nuisance in Pakistan. In urban areas and cities, noise pollution has reached to a dangerous level. For instance, a survey of Punjab environmental protection agency claims that the level of noise in Lahore has reached 91 decibels whereas maximum of 75 decibels is acceptable. This means that the mental and physical health of so many people is already at risk. The major causes of noise pollution in Pakistan are traffic on roads, construction sites, careless use of electronic appliances and loud speech patterns. Noise coming from different modes of transport i.e., vehicles, airplanes, trains, ships, proves to be highly stressful for human communities. With the population growth and development in urban areas, the vehicular traffic has also multiplied. This has given rise to noise pollution, largely in the form of unwarranted honking by drivers. Also the mushroom growth of residential colonies near airports and railway stations has exposed residents to permanent and unavoidable source of noise pollution.

Another source of noise pollution in urban areas is the work on construction sites. Construction work in urban area is usually slow and time consuming. The use of transport and equipment at construction sites, its grilling and piercing sound is a big source of noise pollution. It not only disturbs the general public but also affects the construction workers by causing mental fatigue. Noise pollution is a serious issue and needs attention at local and state level. People must develop awareness about the dangerous impact of noise on human health. It is therefore, a need to acquire more civic sense and responsible attitude to avoid the unnecessary use of noise pollution irritants in the environment. Only then our country would be much quieter and peaceful place to live in.
